STATINTL

Dear [REDACTED]

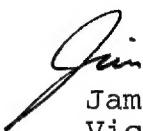

After a period of considerable expansion of N.I.P.A., we are reorganizing our internal responsibilities to provide both better service in education related to career development and improved program operations. Mr. John McGwire of our staff is assuming the principal operating responsibility for the Career Education Awards Program and the Educational Program in Systematic Analysis. I will continue to be available to support and assist John, but he will be the principal program contact. He will be working with you and your staff in the nomination, selection and placement of people for our career development programs.

He will be contacting your secretary shortly for an appointment to talk about the plans for the 1968 Career Education Awards.

It has been a pleasure working with you so closely in the past, and I look forward to a continued relationship in my revised role with the N.I.P.A.

Best wishes,

Sincerely,

James D. Grant  
Vice President, Administration
